

## WOMEN WILL SELL 40,000 SANDWICHES

District Club Federation to  
Raise Money for Fund to  
Build Club House.

Did you ever see three miles of ham sandwiches? The District of Columbia Federation of Women's Clubs will sell them March 2, for the benefit of the fund now being raised by the 5,000 club women of Washington with which to erect a club house.

Two thousand five hundred loaves of bread, 100 pounds of butter, and 100 pounds of ham will go to the making of 40,000 sandwiches, which, if laid down side by side, would extend 16,000 feet, or more than three miles. In fact, from the Capitol nearly to Aqueduct bridge.

If piled one upon another, they would make a column more than half a mile high, or about four and one-half times as high as the Washington Monument.

The slices of bread for the sandwiches would cover 9,700 square feet of ground, or they would pave a roadway 323 feet long and 30 feet wide.

Each sandwich will be made under the most hygienic conditions by the enthusiastic club women, and wrapped in paraffin paper, assuring perfect cleanliness. This will require three-quarters of an acre of paper, or enough to print 1,000 copies of The Washington Times.

## SENATE DEMANDS TREASURY REPORT

Spreckels Charges on Customs  
Deposits Will Be Taken Up  
Under Resolution.

The charges made by Rudolph Spreckels against the Treasury Department in connection with the order depositing customs receipts with the national banks were before the Senate again today.

Senator Poindexter is not letting up in his pursuit of information on this matter. After Senator Smoot had objected and then withdrawn his opposition, Senator Poindexter got a resolution adopted. It calls on the Secretary of the Treasury to report the list of securities he has authorized to be accepted as security for Government deposits and what has actually been accepted. Further that he transmit to the Senate copies of all correspondence to or from Government officials relative to the recent order as to customs receipts.

Another resolution by Senator Poindexter, which was passed, calls on the Secretary of the Treasury for correspondence and other information relative to the importation of green teas.
